SPEAKER BAACK: Senator Rasmussen.

SENATOR RASMUSSEN: Yes, Mr. Speaker, I simply want to add my comments to Senator Wesely's. I applaud CHAD for what they are doing in Omaha. This is a perfect example of one of the things that can be done, not only for cost control in the health care arena but also in terms of more efficient accessibility for the consumer in terms of accessing health care. It's a tremendous collaborative project by a number of health care providers and I think it's a good example for others to follow and I would urge you to join us in supporting this resolution.
